

**VLIGHT IS THE BASIS
FOR ALL OF YOUR
LIGHTWEIGHT PROJECTS**

LIGHTNESS AND VARIETY
OF SHAPES DUE TO
THE COMBINATION OF
DIFFERENT MATERIALS.

PERFECTLY IMPLEMENTED

In times of efficient use of resources and sustainability, lightweight construction solutions are the number one concern for the future in a growing number of industries. Innovations and the VÖHRINGER BASICS, help to reduce weight and CO₂ emissions, which creates real competitive advantages for its customers.

Diverse board materials, profiles, furniture and construction parts, mainly made of wood, but also of PU (polyurethane), PET, EPS and XPS can be used selectively.

With the German innovation leader VÖHRINGER, you have a reliable and international system supplier and partner.
